PRESS RELEASE FOR E-VEHICLE REGISTRATION AND LICENCING

BASSETERRE, ST. KITTS, 12TH JULY, 2019 – The Inland Revenue Department is pleased to announce the extension of its online services, with the addition of E-vehicle licencing and E-vehicle registration.

Senior Tax Inspector, Oleah Prentice, addressed the decision of the expansion of the online services, with the addition of E-vehicle licencing and E-vehicle registration. She said, "The extension of the e-Motor Vehicle Registration and Licensing of the Department's E-Service initiative is not only convenient but it also saves time as motor vehicle owners can complete the process from home, office or on the go via their laptops, computers and mobile devices."

Both services allow taxpayers to licence and register their vehicles without standing in line at the office. The Inland Revenue Department has also taken every precaution to ensure the security of your information, as such all e-files are encrypted to prevent access to data as it moves from your device to the Inland Revenue Department's data base.

Taxpayers who have not yet registered for E-services are encouraged to do so either via our website, www.skniird.com or visit the Inland Revenue Department.

Through innovative methods the Government of St Christopher and Nevis is focused on making it easier for the citizens of the Federation to do business.
